

## VANZETTI'S SISTER LEADS MARCHERS OUTSIDE OF PARIS

Thousands of French Radicals Parade to Bois de Vincennes in Orderly Demonstration.

### LEFT WING LABOR PROTESTS IN LONDON

Twenty Arrested in Rally at U. S. Consulate in Munich—Troops Held Ready in Montevideo.

PARIS, Aug. 8.—From eight to ten thousand persons paraded in the Bois de Vincennes, just outside Paris, yesterday afternoon to protest against the fate of Nicola Sacco and Bartolomeo Vanzetti in Massachusetts. The Government is reported to have decided to tolerate this demonstration, although it had forbidden all manifestations within the city. The organizers were told, however, that the procession must be orderly and it was. Police and Municipal Guards were held in readiness to intervene at the first sign of disorder, but they had nothing to do.

The parade was led by Vanzetti's sister, Signorina Lucia Vanzetti. Beside her marched the centuries of Communists. There were hundreds of red flags. It is undeniable that the lead in the agitation for the two Italians is taken by radicals.

The paraders marched on the fringe of the city to Vincennes singing revolutionary hymns and at intervals shouting imprecations on "capitalist justice." A few anarchists mingled their black flags with the Communist red, while automobiles and marchers carried banners inscribed with appeals for clemency. The banner which Signorina Vanzetti carried bore the appeal: "Parisian people, save my brother and Sacco. Thanks." On the reverse side was: "People of France, the lives of my brother and Sacco are in your hands." Other banners in the parade were inscribed: "Justice! Justice! They are innocent!" and "Justice—Sacco and Vanzetti were condemned to electrocution because they were friends of the people. Save them!"

Police destroyed about 20 posters insulting the United States.

When the demonstrators arrived in the Bois de Vincennes, where the Communist and Radical leaders had been told by police they would be allowed to go, several speakers began to harangue the crowd. Most of the crowd, however, began to shout: "To Paris! To Paris!" Quickly and quietly those who had formed the parade went back to the city in small groups, as it all ended as well ordered as it had begun.

A number of Radical deputies were among the leaders of the parade, which began about 3 o'clock, the crowd having commenced to assemble in the outer eastern boulevards about 1 o'clock. Meanwhile, the United States Embassy, the Chancery and the Consulate are heavily guarded. More than 20 policemen are at each of these places. A smaller guard also is stationed outside a number of American business and newspaper offices.

Le Temps in a long editorial reminds the French that while it is a generous sentiment that impels them to make demonstrations for Sacco and Vanzetti, they flatter themselves on this side of the Atlantic in declaring innocent two men legally condemned and definitely judged in "the greatest and one of the oldest democracies." As for the Communists, Le Temps remarks, they have made no manifestations of protest against executions carried out in Russia, where condemnations have been made without any guarantees such as are usual in the court processes of civilized countries.

**Taxi Drivers in Protest Strike.** Most of the taxicabs of Paris were in their garages this afternoon as part of a protest against the execution of Sacco and Vanzetti, and very little work was done in the building trades. Otherwise, however, conditions in the French capital were little affected by what the communist labor organization has announced as a 24-hour protest strike. There were several sporadic demonstrations in various parts of the city, but all were on a small scale and without violence.

General strikes were ordered in several of the suburbs and provincial cities, but no reports had been received late this afternoon indicating that the strike was very general. Republican guards today joined police outside the United States Embassy and the Chancery, and access to the buildings difficult even for American tourists. Police found they had little to do. The only manifestation of the morning was at Issy-les-Moulineaux, where 800 persons formed a procession and marched to Billancourt, where they were dispersed by police without difficulty. There was a more impressive

## EUROPEAN FLYERS READY FOR START TO AMERICA

Present Week Likely to See Britain, France and Germany in Veritable Air Race for Trans-Atlantic Honors.

By the Associated Press. LONDON, Aug. 8.—Reports of improved weather conditions over the Atlantic had European trans-Atlantic flight aspirants in buoyant mood today and the present week may see a veritable race for the honor of being the first to cross the ocean westward to America. Expeditions—three German, two French and a British, are ready nearly ready for the take-off when the weather man announces the exact conditions for which they are waiting.

There also is the Belanca plane Columbia, which Charles A. Levine, its owner, has been preparing for a return flight to New York. English Flyer Ready. Capt. F. T. Courtney, who will seek the honor for Great Britain, after a test flight in his White yesterday pronounced the general behavior of the flying boat satisfactory. The wireless apparatus was not functioning perfectly. Courtney was said to be thinking of starting Tuesday even if the experts could not fix it by that time.

Two Junkers planes—the Europa and Bremen—which will represent Germany in the trans-Atlantic effort, are reported in Berlin dispatches to be undergoing slight technical alterations, which it is hoped will be completed by Thursday. The Europa, the plane which last week broke the American endurance record, will be piloted across the water by Cornelius Edzard and Johann Ristler, the two aviators who alternated in keeping it aloft for the record time of 52 hours and 53 minutes. The Bremen will be the hands of Herman Koehl and Friedrich Loos.

Lieut. Otto Koennecke, who will pilot the third German plane, a Caspar machine, has announced his intention of getting away before Wednesday. There will be a passenger on each of the German expeditions.

French Plan Hopes on Two. The French are pinning their hopes on the Farman plane Bluebird and the Brequet plane, in which the French flyers, Dieudonne

manifestation at Marseilles. Hundreds gathered in front of the Bourde and marched to the ball ground near the St. Charles station, where they held a protest meeting. Marseilles police reported that the meeting was quiet and orderly.

**Thousands Parade to the U. S. Embassy in London.**

LONDON, Aug. 8.—Several thousand Sacco-Vanzetti sympathizers paraded yesterday from Trafalgar Square to the United States Embassy in Grosvenor Gardens, where the avowed purpose of asking Ambassador Hughes to forward resolutions of protest against the forthcoming executions in Massachusetts. Strong forces of mounted police accompanied the demonstration.

The Embassy was found to be heavily guarded by police. Three delegates from among the paraders were admitted, and subsequently six more were allowed to enter. After a short interval, all of them came out and the spokesman announced to the crowd that the men they had wanted to see were reported to be away. The spokesmen declared that they did not propose to accept this statement from the Embassy, but would make a further demonstration in Hyde Park. The procession then reformed and marched to the park, where speeches were made.

**Save Sacco and Vanzetti From the Electric Chair.** A veteran in an electric chair, heading the procession was, seated in an electric chair, with a black cap over his face. He wore across his breast the medals which he won in service. The lights above the chair flashed and the crowd yelled.

The demonstrators adopted resolutions condemning what was characterized as the sacrifice of these men to class hatred and American capitalism.

The demonstration was almost entirely Left Wing Labor affair. Official Labor here has not yet considered the decision taken at the International Federation of Trades Unions Congress in Paris to boycott American goods if the execution takes place. Leaders in London last night approved the boycott in principle, but refused comment pending a meeting of the Labor Executive.

A deputation from the Glasgow Trades Council yesterday asked the United States Consul to petition President Coolidge to relieve Sacco and Vanzetti, but were refused.

Cabled accounts of the bomb outrage in America were displayed prominently in the London morning newspapers, which assumed they were reprisals for the refusal of Gov. Fuller to extend clemency to Sacco and Vanzetti. Yesterday's demonstration by Sacco-Vanzetti sympathizers here was given more space than is customarily allotted to such happenings and the demonstrations in other

Coste and Capt. Rignot made their long distance flight record to Jask, Persia, which was beaten later by Col. Lindbergh and Clarence Chamberlain in their trans-Atlantic flights. Coste had mechanics working throughout the night on the plane and he said the date of departure depended on favorable weather. As for the Bluebird, it was definitely announced last night that everything was ready for the hop-off.

T. Leon Given is to pilot the Bluebird, with M. Corbu as navigator. The navigator of the Brequet plane has not been announced.

**Levine and Drouhin Sign New Contract of Welcome to Weather.** By the Associated Press. PARIS, Aug. 8.—Charles A. Levine and the French aviator, Maurice Drouhin, today signed a new contract.

As soon as Levine deposits 300,000 francs the start of their Paris-to-New York flight will depend only on the weather conditions.

**German Flyers to Start U. S. Flight in the Evening.**

DESSAU, Germany, Aug. 8.—The German aviators who will pilot the Junkers planes, Europa and Bremen, in their projected trans-Atlantic flight, plan to start in the evening, rather than at the customary early morning hour, in order to reach the United States by daylight.

**U. S. Ambassador Assures German Flyers of Welcome in America.** By the Associated Press. DESSAU, Germany, Aug. 8.—Dr. Jacob Gould Schurman, American ambassador in Berlin, yesterday afternoon traveled by airplane from Berlin to Dessau to extend his good wishes to the German pilots and passengers who expect to start their flight in the Junkers airplanes Europa and Bremen in an attempt to fly to America.

Later, the ambassador, accompanied by the pilots and Junkers and Bremen, inspected the planes.

Dr. Schurman assured the pilots they would receive a most hearty welcome in America. countries shared conspicuous representation in the news columns.

**20 Are Arrested in Demonstration at Consulate in Munich.** By the Associated Press. MUNICH, Germany, Aug. 8.—Communists endeavored to hold a Sacco-Vanzetti demonstration in front of the office of the United States Consul General yesterday but police dispersed the gathering and placed 20 under arrest.

**Uruguay Mobilizes Troops for Strike Duty Tomorrow.** By the Associated Press. MONTEVIDEO, Uruguay, Aug. 8.—Troops are to be kept in the armories tomorrow prepared for disturbances which may develop in connection with the 24-hour general strike called by the labor forces as a Sacco-Vanzetti demonstration, and which it has been announced will be of a "revolutionary character." The laborites have declared their intention of attacking all those who refuse to leave their posts.

Leaders of the movement have issued appeals to all workers in the republic to join the strike and requested commercial houses to close their doors. Tomorrow afternoon there is to be a meeting of protest against Gov. Fuller's decision that the condemned men must die.

Shouts of "Down with Yankee Imperialism" were frequently heard at yesterday's protest meeting, as speakers vehemently denounced American justice.

**Argentine Rail Workers Will Halt Train on Execution Date.** By the Associated Press. BUENOS AIRES, Aug. 8.—Joining the movement which has been organized by labor elements as a protest against the impending execution of Sacco and Vanzetti in Massachusetts, the railroad workers have decided to halt their activities on Aug. 10, the date set for the executions. The train crews will suspend work for 15 minutes, while the workers at the shops intend to abstain from work for 24 hours.

All activities in the oil fields of Comodoro Rivadavia are reported to have become paralyzed. The authorities are taking precautionary steps to prevent disorders.

**Russian Newspapers Denounce "Legal Murder" in America.** By the Associated Press. MOSCOW, Aug. 8.—Virtually without exception, the Russian newspapers devote first place to the Sacco-Vanzetti case, with cuts of the two men, Gov. Fuller of Massachusetts, Sacco's daughter and the electric chair. The papers print gruesome details of the process of electrocution and in one instance there is a lengthy biography of Gov. Fuller.

Fravda, one of the Government mouthpieces, draws an analogy from the point of world interest between the case and that of Maj. Alfred Dreyfus, who after trial in France was sent to a penal colony on charges which later were declared to be false. This paper expresses the opinion that the American bourgeoisie may pay dearly for the determination to consummate the "legal murder." It declares the wave of indignation sweeping over the nation is proof of the readiness of the proletariat to do "revolutionary duty."

## NEPHEW OF NOVELIST JAMES SENT TO PRISON

Wealthy Boston Radical Among Those Punished for Demonstrations.

By the Associated Press. BOSTON, Aug. 8.—Edward Holton James, wealthy radical, today was sentenced to serve 90 days in jail on charges of inciting to riot and assaulting a policeman, during a Sacco-Vanzetti demonstration on Boston Common yesterday. James took the prison sentence, rather than pay fines totaling \$75 imposed by the Court.

When arraigned before Judge Dowd in District Court, James said he refused to recognize the Court's jurisdiction. He refused to stand up, saying he would not stand up "before murderers, whether they be judges, police officers or Governors."

After the reading of the complaints he declined to plead. He was fined \$50 on the charge of inciting to riot and \$25 on the assault charge. He asked the Court how much the fines would mean in the form of a prison sentence and, when informed, said he would take the 90 days.

James, a nephew of the late Prof. William James, psychologist, and Henry James, novelist, has come into prominence through his radical views at various times since his graduation from Harvard in 1896. After practicing law in Seattle and several other cities for a time after leaving college he went to Paris where he became editor of the Liberator, a radical publication. His views as expressed in that publication resulted in the arrest of his London agent and the seizure of several hundred copies of the publication on the grounds that it libeled King George.

for at station houses, where the quartermaster's department has placed its entire supply of cots. Religious Meetings Dispersed. A detective agency has placed 150 men on guard in the Pennsylvania Railroad station and at the Pennsylvania yards in Queens Borough. Guards were also on duty in the tunnels under the Hudson River.

So stringent are the precautions that police yesterday dispersed every crowd in the neighborhood of a subway station, and in one case dispersed a religious meeting in Columbus Circle. Authorities explained that while the meetings were peaceful they feared some one might take advantage of the situation, offered by a crowd to commit a crime.

**Says High Explosive Caused Blast at Baltimore.** By the Associated Press. BALTIMORE, Md., Aug. 8.—Dynamite or some other high explosive and not gas generated by a refrigerating apparatus, caused the blast that partly wrecked the home of Mayor Broening Saturday, Daniel W. Barnes, explosive expert of the Bureau of Highways, declared.

Barnes said he based his opinion, in part, upon the way in which several pieces of metal, which he believes were pieces of a bomb, were found in the wreckage of the house. He asserts these had been flung with more force than explosion of the refrigerating apparatus could have generated. The police investigation is being continued.

**No Disturbance at Sacco Protest Meeting in Chicago.** By the Associated Press. CHICAGO, Aug. 8.—Sacco-Vanzetti sympathizers, assembled here yesterday, adopted resolutions without the slightest disturbance. All public buildings are under heavy guard.

Police said 35 radical leaders are under surveillance. During the protest meeting, detectives and secret service men circulated through the crowd.

"We do not expect trouble," a bomb squad chief said, "the possibility of it lies only in a small, but noisy group of Sacco-Vanzetti supporters who have failed to interest labor."

**1000 Coal Miners in Colorado Join Protest Strike.** By the Associated Press. DENVER, Colo., Aug. 8.—Approximately 1000 coal miners in Huerfano County, near Walsenburg, went on a strike today in protest against the sentencing to death of Sacco and Vanzetti, Massachusetts radicals, according to early estimates by officials of the Colorado Fuel and Iron Company here. In the Trinidad district in Las Animas County most mines were reported to be on strike as a result of the strike call, except at Tellerburg where a large number of miners were idle.

**Ten Men and Woman Are Arrested in Los Angeles Raids.** By the Associated Press. LOS ANGELES, Aug. 8.—Police yesterday raided several places described as communist outposts, arrested 10 men and a woman, seized several thousand pamphlets and ordered closed a place known as J. W. Hall. Most of those arrested were charged with violation of the criminal syndicalism law while a few were held on vagrancy charges.

**Lloyd George to U. S. Next Year.** By the Associated Press. LONDON, Aug. 8.—Former Premier David Lloyd George has promised he will visit the United States in 1928 to meet American Welshmen and preside at the International Eisteddfod, says a dispatch to the Westminster Gazette from Llangollen, Wales. The announcement was made at the conclusion of the Eisteddfod.

## Court Denies Defense Plea for Habeas Corpus

Continued From Page One.

Thompson, former chief defense counsel, other offers of proof being submitted by Hill in affidavits.

**Federal Rights Violated.** Hill argued that the defendants' rights under both the State and Federal Constitutions had been violated by their alleged failure to receive a fair trial.

He asserted that Sacco and Vanzetti never had received a fair trial. He charged that Judge Thayer, who presided at their trial and refused them a new trial, had shown prejudice "either consciously or unconsciously." He admitted that the petition for a new trial upon which he appeared before Judge Thayer this afternoon had not been filed within the time limit required by the statutes.

"Our petition, supported by affidavits," Hill said, "shows such prejudice, existing, confirmed, irradicable, that these defendants have clearly not had a fair trial. I intend no attack on the court as such and I wish to treat with all the respect that he is entitled to the Judge who for the time being constitutes the court in this case."

**Witchcraft Days Recalled.** "Judges, like all human beings, are liable to error without consciousness of error. It is the duty of counsel to call to the attention of the court that one of the Judges has failed either consciously or unconsciously."

"The Salem witches were tried by the best men of the day in the commonwealth who had the reputation of being the wisest, yet we know how greatly they erred, although unconscious of prejudice. No man is free from the danger of prejudice in his own day."

"We are now happily largely free from religious prejudice, but to some extent at least social and economic questions have usurped the place of religion."

Attorney General Reading called attention to the fact that this case had been pending for seven years. Hill has not done charge that Mr. Reading is dilatory, he said. "These defendants have been in at any stage been deprived of any rights. There now enters the question of the rights of the people of this commonwealth."

"This writ of error, I have come to the conclusion, has been brought as the last step the defendants can take in the courts of the State and the Federal Government. The case from the jurisdiction of the State courts into that of the Federal courts."

"This commonwealth has the welfare of every person within its borders equally at heart. These defendants have had good counsel."

**Affidavit of Witnesses Filed.** Attorney Hill presented an affidavit signed by Candido Dibona of Quincy, in support of the motion for a new trial. Dibona declared, in the affidavit, that he was a witness of the South Braintree crime of which Sacco and Vanzetti were convicted and that neither of the condemned men was present. Dibona asserted that he told Chief Gallivan of the Braintree police of this before the original trial, but that he never was called as a witness.

Gov. Alan T. Fuller indicated he would give his decision on the petition sent him by defense counsel for a stay of execution after the court proceedings had been disposed of.

An appeal was sent to President Coolidge yesterday in behalf of the condemned men.

The telegram to the President at Rapid City was sent by the Sacco-Vanzetti Defense Committee. It urged him to interfere with Gov. Fuller to halt the execution while the President might conduct an inquiry into the case.

The defense committee's telegram called upon President Coolidge "to consider this momentous situation most carefully." Referring to the files of the Department of Justice which it has been the contention of the committee would reveal collusion between the prosecution and the Federal Government, the committee declared that the "consciousness of guilt" exhibited at the time of the prisoners' arrest was caused by fear of deportation for radical affiliation.

**Chaplain Visits Prisoners.** For the first time since they were in the deathhouse at the Charlestown State prison, Sacco and Vanzetti today were visited by a clergyman. Both of the radicals are professed atheists.

The Rev. William Bradley Whitney, Protestant chaplain of the prison, talked to the condemned men in their cells. He was with them about half an hour.

Afterward Chaplain Whitney indicated that Vanzetti had given up all hope, expressing great regret that his sister, now in Paris, would be unable to arrive here before the execution.

Both of the condemned men stuck to their hunger strike today. It was the twenty-third day on which Sacco has refused food, but Vanzetti has broken his fast several times.

Mrs. Rose Sacco visited her husband today and spent nearly an hour in the deathhouse.

## COLLAPSE OF WASHINGTON BUILDING UNDER INVESTIGATION

Police Refuse to Give Cause of Structure to Fall. By the Associated Press. WASHINGTON, Aug. 8.—The building inspector's office today stated that an explosion caused the collapse of the building on Pennsylvania Avenue occupied by the Fellowship of Friends, a fraternal publication, which refused to give credence to the theory.

Edwin B. Heese, Chief of the said the walls of the building had been weakened by excavations in renovating the basement. W. Coleman, City Building Inspector, is convinced an explosion caused the collapse.

## \$30,000 NOT \$2000 SAID TO BE LOOT IN EAST SIDE HOLDUP

Gambling Circles Say Fretters of Adam C. Fritz Resort Lost More Than They Admit.

12 OR MORE ROBBED DURING DICE GAME

Safe Containing Bookmaking Receipts Plundered—Fritz Refuses to Discuss the Robbery.

Reports were current in East St. Louis gambling circles today that the four armed men who held up Adam C. Fritz's resort, 340 East Broadway, early yesterday, obtained between \$25,000 and \$30,000, instead of the \$2000 reported by Fritz.

"Well, the boys came over from St. Louis for a donation and we gave it to them," was Fritz's comment on the robbery. He declined to name the victims or give other details of the holdup.

From other sources it was learned the robbers emptied the pockets of Fritz, his employees and the players, more than a dozen in all; scooped up the money lying on two dice tables, and looted a safe which contained Saturday's receipts from bookmaking operations. On each of the long dice tables a \$1500 stack in silver is customarily kept at each end, \$2000 to a table or \$6000 on both.

**Gambling Since Last Spring.** Fritz, a former shoemaker, is known to his associates as "Milepole." His resort is on the ground floor at the southwest corner of Fourth street and Broadway, and is styled the Turf Club Store and is frequented by the Big Store by gamblers. The green-covered dice tables are in a rear room. A cigar stand is in the front. In the middle is the book-making box, equipped with ticker service, a blackboard on which race results are posted, and a counter over which bets are accepted.

The lease on the building, once occupied by a saloon, was in the name of Joe Lurding. Fritz operated a handbook there and recently took over operation of the dice games. Fritz has offices at 1254 Collinsville, and also operates handbooks in the Tri-Cities, Alton and St. Louis.

**Check Your Weapons Rule.** Visitors to the Big Store must check their liquor and weapons, if any, upon entering. A bouncer is stationed at the entrance for that purpose. This rule was on duty at 2 a. m. yesterday when a short, stocky built man demanded admittance, insisting that he was known to the proprietor. While he disputed with the bouncer, three more men rushed up from behind and all four drew revolvers.

The armed men marched the employee ahead of them and forced him to knock on the door of the closed gambling room and utter the password: "Pass 'em." The door was opened from the inside. Fritz, his assistants and customers were leaning over the dice tables, and the robbers entered the room.

This is a stickup—don't any body move," the stocky robber ordered. An attendant, O'Neal Ganey, seated at a table, moved and was struck with a revolver. The robbers then made the others face a wall and took their money and jewelry. Ben Tabor, a player, turned toward a robber and was struck in the face, the robber demanding: "What you trying to get a look at me for?"

After looting pockets and the tables the robbers then compelled an employee to open a safe, from which they took the bookmaking receipts. Backing out, they entered a touring car, which had been parked at the curb with the engine running and a fifth man at the wheel. They drove away.

The players were without funds to continue gambling, or care for to go home. Fritz summoned last night's gamblers to the Big Store, where he had been since the previous afternoon with considerable success says he was robbed of \$4000.

**Police Hear of It 12 Hours Later.** Police were issued recently by district attorney Robert J. La Follette, Jr., after gambling there had been brought to his attention through dispute between two ticker companies over privileges. Chief of Police Leahy said he has been able to get little information from Fritz.

## COLLAPSE OF WASHINGTON

**BUILDING UNDER INVESTIGATION**  
Police Refuse to Give Credence to Theory That Explosion Caused Structure to Fall.

WASHINGTON, Aug. 8.—The building inspector's office today refused to give credence to the theory that an explosion caused the collapse of the Pennsylvania building on Pennsylvania avenue, which was destroyed last night.

Edwin B. Hesse, chief of police, said the walls of the building had been weakened by excavation work in renovating the basement.

W. Coleman, city building inspector, is convinced an explosion caused the collapse.

In searching the ruins police found a note crumpled up in a ball, addressed to a New York newspaper publisher and containing a threat to blow up Washington.

They also found a letter from the Sacco and Vanzetti case.

## \$30,000 NOT \$2000 SAID TO BE LOOT IN EAST SIDE HOLDUP

**Gambling Circles Say Frequenters of Adam C. Fritz Resort Lost More Than They Admit.**

**12 OR MORE ROBBED  
DURING DICE GAME**

**Safe Containing Bookmaking Receipts Plundered—Fritz Refuses to Discuss the Robbery.**

Reports were current in East St. Louis gambling circles today that the four armed men who held up Adam C. Fritz's resort, 340 East Broadway, early yesterday, obtained between \$25,000 and \$30,000, instead of the \$2000 reported by Fritz.

"Well, the boys came over from St. Louis for a donation and we gave it to them," was Fritz's comment on the robbery. He declined to name the victims or give other details of the holdup.

From other sources it was learned the robbers emptied the pockets of Fritz, his employees and the players, more than a dozen in all, scooped up the money lying on two dice tables, and looted a safe which contained Saturday's receipts from bookmaking operations. On each of the long dice tables a \$1500 stack in silver is customarily kept at each end, \$500 to a table or \$6000 on both.

Gambling Since Last Spring. Fritz, a former horseholder, is known to his associates as "Mule-pole." His resort is on the ground floor at the southwest corner of Fourth street and Broadway, and is styled the Turf Cigar Store by Fritz and referred to as the Big Store by gamblers. The green-covered dice tables are in a rear room. A cigar stand is in the front. The middle is the book-making room, equipped with ticker service. A blackboard on which race results are posted, and a counter over which bets are accepted.

The lease on the building, once occupied by a saloon, is in the name of Joe Lunding. Fritz operated a handbook there and recently took over operation of the dice games. Fritz has offices at 125A Columbia, and also operates bookhandbooks in the Tri-Cities, Alton and St. Louis.

Check Your Weapons Rule. Visitors to the Big Store must check their liquor and weapons. If any, upon entering, a bouncer is stationed at the entrance for that purpose. This man was on duty at 3 a. m. yesterday when a short, stocky build man demanded admittance, insisting that he was known to the proprietor. While he disputed with the doorman, three more men rushed up from behind and all four drew revolvers.

The armed men marched the employes ahead of them and forced him to knock on the door of the closed gambling room and utter the password: "Pass 'em." The door was opened from the inside. Fritz, his assistants and customers were leaning over the dice tables. "This is a stickup—don't anybody move," the stocky robber ordered. An attendant, O'Neal Guiney, seated at a table, moved and was struck with a revolver. The robbers then made the others face a wall and took their money, face and jewelry. Ben Talbert, a player, turned toward a robber and was struck in the face, the robber demanding: "What you trying to get a look at me for?"

After looting pockets and the tables, the robbers compelled an employe to open a safe, from which they took the bookmaking receipts. Backing out, they entered a touring car, which had been parked at the curb with the engine running and a fifth man at the wheel. They drove away.

The players were without funds to continue gambling, or carfare to go home. Fritz summoned taxicabs for them. A St. Louisian who had been gambling there since the previous afternoon with considerable success says he was robbed of \$4000.

Police Hear of It 12 Hours Later. Police did not learn of the holdup until 12 hours later. Today Chief of Police Leahy said he had been able to get little information from Fritz.

A warrant to search Fritz's resort was issued recently by Assistant State's Attorney Roberts, after gambling there had been brought to his attention through a dispute between two ticker companies over privileges. Chief Leahy refused to serve the warrant, according to Roberts, until Roberts threatened to appeal to the Sheriff. Several hours later, Roberts said, police went to the resort and returned the warrant marked: "Nothing found."

## FIVE FLOGGERS ACCEPT 6 MONTHS, \$500 FINES

**Plead Guilty at Oneonta, Ala., Under Compromise With the Prosecution.**

By the Associated Press. ONEONTA, Ala., Aug. 8.—The Jeff Calloway trials were ended today when the state and defense reached a compromise whereby the five men remaining to be tried pleaded guilty and were sentenced to pay fines of \$500 and serve six months in jail each.

Dr. L. S. Fennell, Amos Covington, Peter Carlisle, Chester Clayton and Clifton Clayton, all pleaded guilty to complicity in the flogging of Calloway, and were sentenced immediately. Fennell, however, was given a suspended sentence.

The agreement was reached after Attorney-General Charlie C. McCall of Alabama, who directed the prosecution, offered to compromise with Horace Wilkinson, chief defense attorney.

Eugene Doss and L. A. Clayton, tried last week, the first of the seven defendants, received prison sentences of eight to 10 years in the penitentiary following their conviction on a charge of kidnapping.

## 2 BOYS FORBIDDEN TO DRIVE Fines Stayed When They Agree to Stop.

Fines of \$25 and costs for speeding against each of two youths, 18 years old, were stayed this morning by Acting Police Judge Blaine on promises that neither youth would drive a automobile for at least 60 days. They are Stanley A. Morgan of 5411 Devonshire avenue, and Harold Rakop of Kirkwood.

Morgan was arrested near south Broadway and Fassen avenue, charged with driving 35 miles an hour. Rakop was arrested near south Broadway and Eichelberger avenue, charged with driving 40 miles an hour.

## BOY, 3, KILLED BY PET HORSE Animal Attacks Child and Paws Him to Death.

HUNTSVILLE, Ark., Aug. 8.—Price McLoud, 3-year-old son of Everett McLoud, died, a victim of his pet. The child was trampled to death by a horse too old to work, but kept because of the love the little McLoud boy had for it.

While playing yesterday, Price advanced toward the horse which was grazing nearby. The horse charged him, knocked him down and pawed him. Price's parents rescued him, but he died soon afterward.

## SAYS MAN DUCKED GIRL, THEN DIDN'T TRY TO SAVE HER

**Lowell Stevens, 21, Accuses Stranger in Drowning of Dorothy Wulfert, 18, in Meramec.**

A young man accused of playfully forcing Miss Dorothy Wulfert, 18 years old, of 1749 Mississippi avenue, into the Meramec River near Drake, and failing to go to her rescue when she was drowning yesterday, has been summoned to the inquest tomorrow at Kirkwood.

Miss Wulfert was spending the week-end with a party of eight young persons at the Maniacs Club, Drake. Shortly before noon she met a young man not of the party while she was bathing with her sister, Viola, 23.

Lowell Stevens, 21, of 4425A McPherson avenue, one of the party, accused the young man of ducking Miss Wulfert against her will and failing to go to her rescue when she did not reappear after one of the duckings. The accused man denied responsibility for the girl's death.

The sister said today she was uncertain whether the young man had caused her sister to lose her life. "Dorothy was on the bank when I started swimming across the river," she said. "When I returned, she had disappeared."

Stevens said the young man insisted Dorothy go in swimming with him at the dock, although she was not a good swimmer and the water was 10 feet deep. He told county authorities the girl protested to die as she was ducked.

Constable Louis Hollman of Bon Homme Township, investigating the drowning today, learned the accused young man hurriedly left the drowning scene when bathers and friends of the girl became aroused against him.

The body was recovered by a diver three and one-half hours after the drowning. Constable Hollman said the body was recovered by a diver three and one-half hours after the drowning.

Poor Swimmer Goes Into Deep Water and Is Drowned. Michael Renel Jr., 23 years old, of 2650 Nebraska avenue, a truck driver, was drowned in the Meramec River near the Silverdale Club at Jeddburg, St. Louis County, yesterday afternoon.

A poor swimmer, he got into difficulty when he ventured into deep water. It was not known whether he was seized with cramps or exhausted himself struggling against the current. He was spending this day on the river with friends.

His father and a younger brother, Emil, went to Jeddburg to aid in the search for the body.

MINERS AT WORK UNDER TRUCE  
QUIT POSTS AND NINE CLOSES  
Men Declare Temporary Illinois Wage Agreements Are Violation of Union Co-operative Motto.

By the Associated Press. EDINBURGH, Ill., Aug. 8.—Fifty employees of the Edinburg Coal Co., working under a provisional agreement pending settlement of the present wage controversy, walked out today and forced the mine to close.

Dissatisfaction with the way in which union officers are conducting the wage controversy was given as the reason for the shutdown. The miners stopped work after a conference with delegations of idle union members from the Taylorville and Kincaid fields.

The policy of allowing some union miners to work under a separate wage scale agreement is a violation of the union motto, "United we stand, divided we fall," the miners declared.

SPRINGFIELD, Ill., Aug. 8.—A group of miners who made a separate agreement with operators based on the Jacksonville wage scale and violated that agreement, will be penalized under laws of the United Mine Workers, Harry Fishwick, president of the Illinois Miners declared today.

## TWO FEDERAL MEN SHOT TO DEATH IN LIQUOR SHIP RAID

**Secret Service Agent and Coast Guard Mate Killed in Attempted Seizure 40 Miles Off Florida Coast.**

By the Associated Press. PORT LAUDERDALE, Fla., Aug. 8.—A thrilling fight between coast guardsmen and alleged liquor runners on the high seas, near the western fringe of the Bahamas, claimed the lives of two Government men yesterday and sent four other participants to a hospital here, where the condition of three was reported serious.

The dead: Robert K. Webster, 48 years old, of Atlanta, Government secret service agent.

Sidney Sanderlin, Virginia Beach, Va., coast guard boatwain's mate. The wounded: Victor A. Lamby, coast guard motor machinist's mate.

Jodie L. Hillingsworth, coast guard seaman, second class. Robert E. Veatch, Miami, alleged liquor runner.

Horace Alderman, Miami, alleged liquor runner. The fight occurred about 40 miles east of Fort Lauderdale when coast guard patrol boat 249, bound for the Bahamas, where Webster had been sent to undertake a secret assignment, sighted the 30-foot motorboat Z-3397 heading toward Miami.

Maneuvering into position, with the forward gun trained on the captured boat, coast guardsmen in their launch, transferred Alderman, Veatch and three other men found on the craft to the patrol boat, where they were corralled as prisoners and searched. In the meanwhile four guardsmen, including Sanderlin, returned to the motorboat to transfer 160 cases of liquor, reported found.

When Lamby entered the patrol boat's pilot house, Alderman seized a weapon and shot the machinist's mate, according to other coast guardsmen. Alderman was said to have assumed command of the situation for the moment and ordered Veatch to tear out the engine room piping, this instruction being carried out.

Webster, standing apart from the other men, watched the patrol boat's pilot house. Alderman seized a weapon and shot the machinist's mate, according to other coast guardsmen. Alderman was said to have assumed command of the situation for the moment and ordered Veatch to tear out the engine room piping, this instruction being carried out.

Shot Starts Fighting. Alderman was said to have shot and instantly killed Sanderlin as the launch turned about and headed back across the narrow stretch of water separating the two boats. Boarding their own craft with difficulty, the guardsmen in a frenzied fight, interspersed with pistol shots, soon overpowered their opponents. The wounded were brought here aboard a fast motorboat, one among several which went to the Government boat's aid.

Physicians held out little hope for Lamby, paralyzed with a bullet through the spine, and Hillingsworth, who was shot through the eye, nose and cheek. Alderman, shackled to a hospital cot under guard, was in a serious condition from knife wounds and Veatch had minor bruises.

Guardsmen Tufel, Robinson, Lehman and Canfield, of CG-219, reported the encounter.

## ST. LOUIS PRIEST PRAYS FOR SACCO AND VANZETTI

**Father Spigardi Grants Request of Parishioners: Unions Plan Meeting Tomorrow.**

Prayers for Sacco and Vanzetti, doomed to die in the electric chair of Massachusetts, were offered yesterday in the Italian Church of St. Charles Borromeo, Twenty-ninth and Locust streets, by Father Caesar Spigardi. Father Spigardi did not mention the case in his sermon. He offered the prayers, he said, because his parishioners asked for them.

The local committee for the freeing of the two doomed men announced no change in their plans to hold a mass meeting on the steps of city hall tomorrow evening at 6:30, following the refusal of Park Commissioner Pape to grant them a permit for a meeting in Columbus Square. No action has been taken on Commissioner Pape's suggestion that the committee hire a private hall for their meeting.

Several union locals yesterday discussed the decision handed down by the Massachusetts executive, and ways and means to a significant protest. A resolution of protest, it was said, would be offered at the forthcoming meeting of the Central Trades and Labor Unions. Meanwhile, Charles Blom of the Moulders' Union, and Martin Dillman, representing the Teamsters' Union, are on the local committee, representing all labor organizations in planning the meeting for tomorrow evening. Blom is the official representative of the C. T. and L. U. and Dillman is a member.

Predicts Woe For Disguised Policewoman and Then Bad Luck Enters.

Maggie Stevenson, 35 years old, who says she is Brazilian, was in Police Court today, answering charges of fortune-telling, all because she mistook a Negro policeman for a laundress Saturday afternoon.

For 50 cents Maggie told the policeman that a dark person was going to get her in trouble, when in reality a dark person was getting Maggie in trouble. The "laundress" said she mistook the policeman for a laundress Saturday afternoon.

Maggie had eluded several other informers sent to get evidence against her, until police wondered whether she did not have genuine prophetic powers. But she failed to penetrate the "laundress" disguise and today there is no business in Maggie's stand at 1412 Market street.

SUCCUMBS TO BULLET WOUND  
Ignatz Maslaskiewicz Shot Self After Quarrel, Widow Says.

Ignatz Maslaskiewicz, a laborer, of 1304 Monroe street, died at City Hospital last night of a bullet wound in the stomach, suffered after he had quarreled with his wife last Wednesday. ## AUTO THIEF SLAIN AND PARTNER SHOT IN EAST ST. LOUIS

**Patrolmen Hylsky and Culhane Fire When One of Pair Throws Wrench and Both Run Away.**

Two young men, caught in an effort to steal an automobile, attempted to escape from East St. Louis police last night and were shot down, one being killed.

The man killed was James McKelvie, 29 years old, a molder, of Milwaukee, Wis. His companion, seriously wounded, was Raymond Benson, 23, a molder, who roomed with McKelvie in Milwaukee.

Wearing overalls and seeking employment, they arrived in East St. Louis yesterday evening. Benson today told a Post-Dispatch reporter that McKelvie suggested they steal an automobile and cross over to St. Louis, Benson added.

They saw an automobile parked in front of 526 North Tenth street, but did not notice that Mrs. Laura Parker of that address and her grandchild were in the rear. Mrs. Parker heard them say, "There's a car over there," and she and the child crouched low in the tonneau. As the men opened a door she cried, "Get out of here; I'll call police." They ran.

Two hours later, at 11 o'clock they entered the automobile of Lloyd Anglin, Marissa, Ill., parked at Fourteenth street and Gay avenue. A neighbor saw the men tampering with the ignition switch and summoned police.

As Policemen Anton Hylsky and P. J. Culhane approached, the men jumped from the automobile. McKelvie striking at Hylsky with a wrench. "Don't run, we're police officers," Hylsky called, but the men ran through an alley.

Hylsky fired a revolver at McKelvie, fatally wounding him behind the left ear. Officer Culhane fired at Benson, fracturing his right leg with a bullet. The police used so-called "dumdum" bullets, which "mushroom" when they strike. Benson's leg was shattered by the bullet.

McKelvie was dead on arrival at St. Mary's Hospital. Benson is at the hospital; amputation of his leg may be necessary. Benson said he had never attempted a criminal act until last night, and the same was true of McKelvie so far as Benson knew. They had known each other for three months and roomed at 814 Walnut street, Milwaukee.

Mary R. Miller, 2 years old, suffered probable skull fracture and bruises yesterday when she fell from a machine driven by her father, Leonard Miller, of 1209 Missouri avenue. The accident occurred as Miller was turning his automobile near Valley Park, preparatory to returning home. The child opened one of the doors and fell. She was taken home after receiving emergency treatment.

A street car ran into the automobile of James Finnegan, of 6735 Bradley avenue last midnight, after Finnegan's machine had crashed into an automobile parked at the curb in front of 5233 Arsenal street. Finnegan suffered a probable skull fracture and bruises and Dr. Joseph Higli, who was in the machine with him, was cut and bruised.

Finnegan, a former football star at St. Louis University, was taken to St. Anthony's Hospital, and Dr. Higli to Alexian Brothers Hospital, where he is an intern. Finnegan said his machine had been thrown onto the street car tracks by impact of the collision.

### COURT ORDER STOPS PAY

OF NEGRO LODGE OFFICER

Attempt of Fred W. Dabney to Expel Editor Results in Litigation.

The attempt of Fred W. Dabney, of Cape Girardeau, Grand Master of the Negro Missouri Freemasons, to collect his \$4200 annual salary got into court today when Joseph E. Mitchell, publisher of the St. Louis Argus, Negro newspaper, obtained a temporary order restraining Judge Rutledge from expelling Mitchell or other Negro Masons from the order for opposing his salary collection.

Editor Mitchell charged in his petition that Dabney had illegally voted himself a salary, had "set himself up as a czar" and is intimidating his brethren in the lodge. The restraining order also is directed against George W. Lewis, Deputy Grand Master and O. B. Key, treasurer of the grand lodge.

Judge Rutledge made his order returnable Aug. 18. Mitchell stated in the petition that Dabney had summoned him to appear before the Grand Lodge at Cape Girardeau Aug. 10 to show reason why he should not be expelled.

**BRICKLAYER PEER, WHO WED AMERICAN HEIRESS, DIES**  
Viscount Deerpurth Made Hobby of Building Substantial Houses For The Poor.

By the Associated Press.  
LONDON, Aug. 8. — Viscount Deerpurth (George William Coventry), died here of fever believed to have been caused by food poisoning.  
Although the eldest son of the ninth Earl of Coventry, Lord Deerpurth as a youth went to America and worked as a bricklayer. He married an American girl, Virginia Bonyne, step-daughter and heir-eas of the late Charles W. Bonyne, and leaves four children.  
Viscount Deerpurth was born Nov. 15, 1866, and was educated at Eton and Trinity College. He gained wide notice through what he termed his hobby of building inexpensive but substantial houses for the poor.

**MAN KILLS WIFE WHO WORKED TO PAY HIS PASSAGE TO U. S.**  
After Ax Murder, Chicago Laborer Tries to Kill Self; Re-trained By Police.

By the Associated Press.  
CHICAGO, Aug. 8. — Peter Marek, 40-year-old laborer, today killed with an ax the wife who as an immigrant girl 13 years ago worked in a laundry for the money she sent him in Poland for his passage to the United States to marry her.

"We were fighting all the time," Marek told police after he had been prevented from killing himself. "I decided the best thing to do was to kill her and myself to stop the fighting."

While his wife continued to work as a laundress, Marek worked as section hand. They had just saved enough money to purchase a home.

**Two Children Burned to Death.**  
By the Associated Press.  
CORINTH, Miss., Aug. 8. — Sprayed with flaming tar when a barrel about which they were playing exploded, Fred, seven years old and Dorothy, five, children of Mr. and Mrs. Ed Jourdan, of Belmont, Miss., died in a hospital today. Mrs. Jourdan was burned seriously while attempting to save them. Fred lighted a match near the bung hole of the barrel and with a roar that shook the neighborhood the barrel exploded, sending burning tar flying in all directions. Neighbors succeeded in smothering the fire.

**Windstorm Damages 2 Churches.**  
By the Associated Press.  
CROCKER, Mo., Aug. 8. — A windstorm struck Swedeborg, six miles west of here last night and badly damaged the Lutheran and Presbyterian churches. The home of Fred Miles was damaged. Sam Tucker, living a mile west of town, was hurt when his home was damaged. None was hurt at Swedeborg.

10,000 RADIUM GIFT  
SPEED CANCER CURE

S. Harkness' Present  
New York Will Help  
Wealthy and Poor.

Two From the New York  
Post-Dispatch.  
New York, Aug. 8.—Edward  
Harkness has given \$250,000 to  
the Memorial Hospital for the ac-  
cure of four grams of radium, an-  
nounced today.  
With eight grams, the  
hospital specializes in treat-  
ment of cancer and allied diseases.  
Harkness is the largest owner of  
any institution in the

total quantity of radium in  
this city is valued at \$300.  
which \$50,000 represents  
of the augmented supply  
of the Memorial Hospital.

Harkness, conspicuous for his  
philanthropy, particularly to Yale  
University, made the gift when he  
learned the hospital had to turn  
away sufferers for lack of  
funds. Wealthy and  
poor have had to wait, and  
sufferers treatment came  
to a halt for cure or relief.

Harkness Rents Supply.  
Harkness from the gift is now  
used to rent four grams of  
radium on which the institution  
has a purchase option.

The second large acqui-  
sition of radium in this city in re-  
sponse to the city of New York  
spent \$140,000 for two  
grams of the City Hospital on  
Long Island. The municipal  
hospital is the second largest in this

city will last 2400 years, los-  
ing twenty-four hundredths  
of itself each year. The uti-  
lity must be exercised in its  
storage and use. Dissolved in  
distilled water, it gives off a cer-  
tain amount of emanation and this,  
more than the radium itself, is  
the cause of cancer at Me-  
morial Hospital.

Radium is kept in a rarely  
used safe, enclosed in a brick  
box. Inside the safe is a con-  
tainer holding six inches of  
water. Within the container the  
radium material is kept in 40  
tubes of 100 milligrams each.  
The emanation is confined in a  
box which leads from the  
main vault to the emanation  
chamber in an adjoining room.  
Discovered in 1898,  
Radium, originally obtained from  
Pitchblende, a uranium mineral,  
was discovered in 1898. Its action  
on human tissue was discovered by  
Prof. Becquerel in 1901, when Prof. Bec-  
querel, in Paris, incautiously car-  
ried a tube of the element in his  
pocket. Two weeks later he  
noticed inflammation of the skin

of the hand. The emanation  
from the radium was the cause  
of the inflammation of the skin.

RESERVATION AT SUMMER  
WHITE HOUSE INCLUDED  
IN RAILWAY TICKET

By the Associated Press.  
RAPID CITY, S. D., Aug. 8.  
It seems there are still some  
parts of the United States  
that do not understand that  
the State Game Lodge in the  
Black Hills is President Cool-  
idge's summer residence.

A railroad employee routed  
Senator Fess of Ohio, who is  
expected here this week, and  
included in his transportation a  
four-day reservation at the  
game lodge. The lodge has  
been a summer hotel, but this  
year something more than a  
railroad employee's certification  
is necessary to get one beyond  
its portals.

developed. This has subsequently  
been known as the Becquerel burn.  
Until recently most of the  
world's radium came from "car-  
notite," mined in Colorado, and so  
called in honor of Carnot, the  
French scientist. Recently the  
Belgian Government has largely  
increased the supply by acquisition  
of 100 grams from the Belgian  
Congo in Africa. The value of this  
is \$6,500,000.

# A Message to Underweight Men and Women

The one supremely good health building tonic that is also the one great weight producer known to modern science the country over is McCoy's Tablets.

They build flesh where flesh is needed—sunken cheeks, neck and chest—and many a man and woman, skinny and scrawny have thanked McCoy's after a few weeks' treatment for the decided improvement in looks and figure.

Many times the increase in weight is astonishing—one exceedingly thin woman gained 10 pounds in 23 days. McCoy takes all the risk—Read this ironclad guarantee. If after taking 4 sixty-cent boxes of McCoy's Tablets or 2 One-Dollar boxes any thin, underweight man or woman doesn't gain at least 5 pounds and feel completely satisfied with the marked improvement in health—your druggist is authorized to return the purchase price.

The name McCoy's Cod Liver Oil Tablets has been shortened—just ask for McCoy's Tablets at Waldrich or any drug store in America.

# JUSTIFIES KILLING OF SUPPOSED THIEF

Coroner's Jury Clears Dominick Smith, Who Fired at Alleged Henhouse Robber.

A verdict of justifiable homicide was returned today by a coroner's jury investigating the death of Peter Wurst, 40 years old, of 920 Talmadge avenue, who was shot early yesterday when trying to enter a shed in which chickens were kept back of the home of Dominick Smith, of 4112 Sany avenue.

Smith, a locomotive engineer, testified his chicken shed had been entered several successive Saturday nights so he had decided to watch for the thief last Saturday evening. "I was sitting at a rear window watching the alley gate when I saw it open and saw a man place a barrel against it to prevent it from closing," Smith testified. "The man then walked toward the chicken yard. I went to get my revolver and flash light.

"As I flashed the light on him I ordered him to hold up his hands, but he ran. I snapped my revolver several times, but only the last cartridge exploded. I thought I had missed the man when I saw he did not fall, and went to bed."

Police found Wurst on the sidewalk in front of a confectionery at 804 South Sarah street, about 200 feet from the rear of Smith's home, with a bullet wound in the back. Wurst died at a city hospital without making a statement. Police traced the shooting to the Smith home and Smith said the body looked like that of the man at whom he had fired.

# RELIGIOUS SOCIETIES KEEP FEAST OF OUR LADY OF MERCY

With Band and Banners Italians Parade From Mission to Columbus Square.

Italian religious societies in the quarter about Columbus square celebrated the feast of Our Lady of Mercy yesterday afternoon with a parade that started from the chapel of St. Charles Borromeo's mission, on north Tenth street, and ended at the square. The marchers, led by a band, carried flags and religious banners and pictures.

Members of the societies attended morning mass at the mission, or at St. Charles Borromeo church, at 29th and Locust streets. There will be an additional celebration next Sunday, concluding with a display of fireworks. The feast of Our Lady of Mercy is celebrated by the Italians on two successive Sundays.

## ANSWERS TO QUERIES

The Dispatch reserves the right to reject any query, and to accept or refuse to publish any letter on medical questions of undoubted interest, except letters accompanied by stamped addressed envelope. T. C. W.—The 1937 Liberty head nickel (not Buffalo type) is valued at \$50. Inquiries at any coin dealer for further information. STANLEY—From St. Louis take highway No. 40 to Fulton, Mo. From there follow highway number 15 to Jefferson City. This is a distance of 113 miles the roads being concrete and gravel all the way. MIKE—To become a police officer in this city you must be between the ages of 22 and 35, must be at least 5 feet 8 inches tall and weigh 150 pounds, a registered voter and a citizen for at least two years. D. & C.—The signers of the Federal Constitution who were of foreign birth were Elbridge Gerry, born in England; Francis Pickens, born in South Carolina; James Smith, born in Ireland; James Wilson, born in Scotland; John Jay, born in England; and John Adams, born in Massachusetts.

## LEGAL INFORMATION

(By a Member of the St. Louis Bar Association) If you have a license to drive a motor vehicle, you cannot obtain any part of the Illinois property after the term of the license has expired. This is true whether or not the license is renewed. MARION—First cousins cannot marry in Illinois. You do not have to state that you are first cousins but if you obtained a license and had the ceremony performed you would not be legally married. Kentucky is the only state in the central part of the United States that permits such marriages. You would be merely living together if you did not obtain a marriage license and have the ceremony performed in a state where such marriages are legal.

## MEDICAL QUESTIONS

and sanitation questions of public interest only will be considered. Diagnosis or treatment of individual cases will not be given. Special cases of such interest to the public will be given special consideration. IN DOUBT—The ovaries and tubes would not be removed in operation for appendicitis, unless they were found to be diseased and their removal essential for the best interests and recovery of the patient. Attacks of appendicitis are as your experience proves, often cured without operation, but when the ovaries and tubes are diseased, operation for their removal is always the safest and best course to pursue. As to what should be done in any special case, your physician knowing the situation is in the best position to advise properly. LORRAINE B.—A bunion is as you perhaps know, an enlarged or thickened bursa, resulting from distortion over the inner side of the joint of the big toe and results from constant pressure of ill-fitting shoes and are often caused by pressure, scolding, sprains and rest. In the chronic state the bones are thickened and thrown out of position which may be relieved in some measure by proper fitting shoes, bandaging, splints and their appliances, but for complete relief and cure operation is generally necessary and is best done by either a plastic or orthopedic surgeon. Hence our advice is that you apply at McLaughlin Orthopedic Sanatorium, 315 Aubert Avenue or if you prefer the services of a plastic surgeon, write again sending stamped envelope and we will recommend someone for this service.

WOOD TO BE BURIED BESIDE HIS WAR COMRADES

"Rough Riders" Plot in Arlington Cemetery Chosen at Request of Major-General's Widow.

PHILIPPOS LOST FRIEND, U. S. A. GREAT SERVANT, DECLARES THE PRESIDENT

WASHINGTON, S. D., Aug. 8. — The Filipino people have lost a true friend and the United States a great public servant in the death of Leonard Wood, declared President Coolidge in a message to Mrs. Wood, made public here today. The President's telegram follows: "I want to extend my deep sympathy in the sorrow which has come to you in the death of your husband. Eminent as a soldier, it was his higher privilege to ally the suffering which war had wrought and through wise and patient effort to bring again the blessings of peace and order in the Government. "Gen. Wood's record in the Philippines was one of self-sacrificing devotion, and I believe that as the years pass there will come an increasing realization that in his going the Filipino people have lost a true friend and our country a great public servant."

WASHINGTON, Aug. 8. — The plot in Arlington Cemetery, set aside for the "Rough Riders" regiment of the Spanish-American War, tomorrow will receive the body of the regiment's commander, Major-General Leonard Wood, who died early yesterday at Boston. At the request of his widow, the distinguished soldier and late Governor General of the Philippines will be laid at rest beside his comrades of the days of '98. The body, accompanied from Boston by Mrs. Wood and a military escort, will arrive in Washington early in the day and, following present plans, will be taken at once to Arlington for the interment ceremonies. High officials of the War Department and other branches of the Government will accompany the cortege along Pennsylvania avenue and down the winding road to the cemetery, while the military guard of honor will be augmented here by the Third Cavalry, the Sixteenth Artillery, a battalion of Infantry and a detachment of engineers. Colors at half-staff. The Army will serve for more than two score years, today made arrangements for his burial. Speaking in behalf of the War Department, Assistant Secretary McNider, in a message of condolence to Mrs. Wood, said, "Every citizen who has our good at heart mourns with you. The Army of the United States stands at last salute to a great soldier, a great administrator and a great American."

The secretary also issued a statement reviewing the many tasks the general had undertaken for the nation, declaring that, beside being "an able military leader," he was a "vision of great prominence whose field of activity extended much beyond the Army with which he was customarily identified." Major-General Charles F. Sumner, chief of the army general staff, also wired Mrs. Wood, "The Army mourns with you over the loss of our illustrious comrade." He also issued a statement declaring that Gen. Wood was "distinguished as much for his achievement as a civil administrator as for his leadership as an officer." "The Army has not only lost a great soldier," he added, "but the country has lost a great patriot and public servant whose death alone could part from his post of duty."

Official Duties Taxed Strength. Aside from officials of the Government, the General's death came as a shock to his many friends in private life in the capital, a number of whom have left for some time that his duties as Governor-General of the Philippines might be overtaxing his strength. His administration in the islands has been a tempestuous

left last week on a trip to the Southern part of the Archipelago, when notified by radio of Governor-General Wood's death sent the following statement:

"I am deeply grieved at the unexpected news. Only last week Governor-General Wood called me that he expected to start back to the Philippines in September. We have worked together more than five years and I have for him the greatest respect and admiration."

"He was a genuine friend to the entire Filipino people. He worked untiringly, unselfishly and with great efficiency for their permanent good. He spared neither time nor effort to promote the establishment in the Philippines of sound, just and efficient government."

Emilio Aguinaldo, former rebel leader, issued the following statement:

"With the death of Governor-General Wood, America has lost its best administrator of the Philippines — a Governor-General who sought to improve in a noble way the administration of public affairs. During his administration he rehabilitated our finances, which were on the verge of precipice. Without violating the principle of separation of powers in Democratic Government he restored public confidence in the administration of justice."

"He was a genuine apostle working for the health of the people. His last days were devoted to a campaign in the United States to raise \$2,000,000 to suppress leprosy in the Philippines. His death is equally felt by Filipino veterans of the revolution and by me personally."

Senate President Manuel Quezon expressed sorrow over Gen. Wood's death.

"It was with the deepest regret and sorrow that I heard of it," declared Quezon. "Everybody knows that Governor-General Wood and I disagreed on almost every fundamental issue affecting the Philippines, from the questions of independence and interpretation of the Jones law down to the disposition of the public domain and administration of Government-owned companies."

"But during all these years I have never had any disagreeable incident of a personal character in my dealings with him. On the contrary, our personal relations have always been friendly. I admire his courage and his frankness with which I expressed to him my views when we weren't in accord. He was always courteous to me. He was a hard-working chief executive, and always determined in his purpose to do the right thing as he saw it."

Manuel Roxas, Speaker of the Insular House of Representatives, paid another tribute to the late Governor-General, expressing sympathy for Mrs. Wood.

"I am painfully surprised by the news of Governor-General Wood's sudden death," said Roxas. "My feelings for his taking off is one of sincere, profound sorrow. Widely as he differed with the representatives of the Filipino people on the fundamentals of Government and policy, it should be said that he pursued his course with unflinching loyalty to his convictions. As a friend, I mourn his loss, and sympathize with his widow, the devoted, self-sacrificing comrade of his life, in her bereavement."

When and Three Children Will Accompany Body.

BOSTON, Aug. 8.—A detail of six soldiers from Fort Banks will accompany the body of Major-General Leonard Wood to Washington today on the Federal Express.

The squad, commanded by Capt. Edgar Williams, marks the first of the military honors to be paid by the Army to the man who rose from the medical branch of the service to be one of its most distinguished leaders both in "the line" and in civil administration. At the time of his death, he was 57 years old, and had been in the service for 25 years.

The family party will be Mrs. Wood, her three children, Leonard, Jr., Osborne and Louise; Maj. Leonard Y. Read, military aide to the general; and Capt. L. E. Fletcher, personal physician.

He had been in the service for 25 years, and had been in the service for 25 years.

Gen. Wood returned to this country recently to report to President Coolidge and to rest. He had been treated upon for hernia last January and is thought never to have fully recovered his accustomed robustness. ## FUNERAL TOMORROW NIGHT

Baptist Minister and Evangelist in Missouri 60 Years, Dies at Home of Son.

The funeral of the Rev. James Roan, for 60 years a Baptist pastor and evangelist in Missouri, who died yesterday at the age of 92, will be held tomorrow night at 8 o'clock in the funeral parlor at 4449 Olive street. His death, caused by infirmities of age, occurred yesterday at the home of his son, James Tate Roan, 3906 Kennerly avenue.

Born in North Carolina, he was brought to Missouri by his parents in 1837, and the family took up a homestead claim in Randolph County, just across the county line from Roanoke, Howard County. He studied for the ministry in William Jewell College at Liberty, and was married there to Miss Sallie Tate. His wife died two years ago. Among his pastoral locations were the churches at Brookfield, Orick, Charlevoix, Mich., and Bushnell, Ill. Most of his work was evangelistic, and he was the first missionary evangelist of the Northwest Missouri Baptist Association. In later years he supplied a number of churches near St. Louis, including the one at Chesterfield. His son and two grandchildren survive him. The funeral service will be conducted by the Rev. Dr. H. E. Truax, and the body will be sent to Liberty for burial.

royal and distinguished guests to the United States in the name of President Coolidge, he spoke of differences that will arise to test American-Canadian friendship, but added:

"They are such as have been settled and can be settled by the exercise of tolerance and patience and the application of good common sense."

Intimate acquaintance and contact are the great factor for peace between Canada and the United States, Secretary Kellogg said, and while there is rivalry between the nations in development, industry and scientific advancement, "we are friendly rivals and we have lived as good neighbors and friends for more than 100 years."

In the recent exchange of diplomatic representatives with Canada, Kellogg saw "auspicious auguries for the future."

Avenue of Friendship.

For the British Government, Premier Baldwin saw in the peace bridge not only a symbol of peace for a century between the United States and all nations of the empire, but a new avenue to expand the friendship of neighboring peoples.

"All bridges are proofs of friendship," the premier said. "Across them men of good will may go on their lawful occasions."

The peace bridge well testified, he said, that the foundations of British-American friendship had been well laid.

"Problems have arisen and will arise," he said. "Opinions will vary how they shall be solved. Only recently we have had to differ for a moment; but we know in our hearts it does not effect our friendship. Statements of the past, as this bridge testifies, have well and truly laid the foundations of friendship and good-will in the hearts of our peoples."

Charles M. Schwab, chairman of the Board of the Bethlehem Steel Corporation, in his brief address before the arrival of Wales, declared that, while he was the head of the largest ordnance works in the world, he would gladly see the entire production of armaments cease, and the material of war "thrown into the sea," if peace could be assured.

## The Week's New Films

By NIE

IT IS A bobbed haired, Rollicking Camille, who is on view down at the Ambassador this week. The Count De Varville wears a wrist watch as does Armand and the other boy friends of this revised Lady of the Camellias. There are other modern conveniences too, but Marguerite Gautier—Camille—still distributes her tubercular laden kisses in much the same manner that she did when Dumas wrote her into immortal fiction. Nowadays we know kissing under the circumstances is highly unsanitary but then Norma Talmadge screens so wonderfully in her kissing scenes and Gilbert Roland, her new leading man, on the receiving end, seems so delighted that it would be a shame to cut them out of a picture just to oblige the Board of Health. Aside from the introduction of electric lights and telephones and motor cars this screen version of the old play sticks pretty closely to the original. Camille, who had a vague idea that morals was some sort of a breakfast food, used Paris for a hot stool and then spilled her beans, if the expression may be used in this connection, by kicking over the stool when she fell violently in love with Armand, as honest a young Frenchman as ever walked the boulevards of the City of Wickedness. Armand was ready and willing to make Camille an honest woman, too, but her past keeps treading on the heels of her future and in the final reel she dies, propped up in bed as is the custom in the movies, while the bells in the old church tower ring in a Merry Christmas. Armand

Isn't even there to see how much she really loves him—but then Miss Talmadge is the star and so mere leading man would be allowed to clutter up the final close ups. Camille makes a good screen romance and will entertain you if you like to cry on the shoulder of the perfect stranger sitting next to you.

## Not to Be Laughed At.

A GREAT deal of credit must be given to the producers of "Freemont, Save My Child" at the Missouri. They have succeeded in manufacturing the world's worst comedy film which, in these days, is quite an outstanding achievement. True all of the praise for this masterpiece of pictorial stupidity should not be showered upon the director for he has had the able assistance of a title writer who turned out some of the most unparadiseable vulgarity the screen has seen. There is no plot and no story, just a succession of slapstick hokey brought back from the days of the custard pie farce with Raymond Hatton and Wallace Beery, able actors, both, falling in to conveniently placed mud puddles when ever a laugh is hoped for. The Missouri need hardly worry about its patronage this week, however, for in the place of the departed Brooke Johns is T. Lewis and his band, worth every cent of its admission charge. Lewis, a master showman, kept his audiences in an uproar yesterday.

## Over There.

"WHAT Price Glory," the best motion picture story of the war, to our way of thinking, is making its popular price debut at Lowe's this week. It is being played by exactly the same cast which was seen in the film here last season at the Shubert. Don't miss it.

## JOHN T. MURRAY AND GOOD

## FILM FEATURES AT ST. LOUIS

Comedian and "The Fourth Commandment" Stand Out on the Week's Vaudeville Program.

John T. Murray and a feature film of the sort that the jazz-buffs won't care for and those who are willing to take a lesson from the silver screen once in a while will like are the outstanding features on the week's program at the St. Louis Theater. The rest of the vaudeville is rather listless and stereotyped, with the exception of the comic capers of the male member of the team of Moxey and Dupree. The trick talking-machine is a riot.

Murray, ably assisted by the comely Vivien Oakland, offers some whirling songs and satires and helps Norman Prescott put across the humorous "mental telepathy" stunt that is puzzling. Sheldon, Heft and Lewis dance nicely, but the singing is terrible. "The Garden of Melody" is a rather musical act, but too long.

The picture "The Fourth Commandment," gives Mary Carr another mother role and teaches the folly of suspicions of the aims and intentions and kindly deeds of mothers-in-law as well as the penalty paid for being dissatisfied with one's marriage lot and reaching out for the haubts of life. Belle Bennett is miscast as the daughter-in-law, plainly too old for the girl role, but makes the best of a bad bargain. The story is overdone in spots and not exactly new, perhaps, but on the whole well worth while. T. P. B.

## "KATINKA" RANKS THIRD

## IN BOX OFFICE RECEIPTS

"Rose Marie" and "Song of Flame" Alone Drew More Money at Forest Park This Season.

The loss of Tuesday night's performance because of rain kept "Katinka" at the top of the attraction at the Municipal Opera, from taking second place in receipts and attendance recorded by this summer's productions at the Municipal Theater. The ticket sales for six performances were slightly less than for the seven performances of "Song of the Flame," but much greater than for the seven performances of "The Red Mill," which up to last night held third place in this year's list. "Rose Marie" is first this year with ticket sales of more than \$47,000 and attendance exceeding 67,000.

The tenth week of the 1927 opera season begins tonight with the first presentation of Victor Herbert's light opera, "The Serenade."

At the close of the ninth week last night, the receipts for the summer were slightly larger than for the corresponding period last year. The expenses this year will be approximately \$25,000 greater than those of last summer.

Sir: Since the speak-easy promises to come as American an institution as chewing gum, a uniform procedure for the proprietors of these necessary inventions is a crying need. I favor having the dispenser whatever is being served let the customer know immediately what the customer may expect, besides an invitation to get out. Recently, two of us went into one of the places. The bartender did not remember the spokesman, so that worthy friend of mine reminded the bartender of his last visit. He proved an intimate acquaintance with some of the bartender's friends. He showed lodge cards, business cards, personal cards and a scar on the back of his neck. The bartender commented on the weather. The object of our visit at last penetrating his Tennessee consciousness, he said, "I suppose you fellows want something to drink." Fairly bewildered by so much sagacity, we answered "Yes," in a respectful tone of voice. "Well, I haven't any," he remarked. Probably, with its peculiar code of ethics for dry agents, is sufficient of a nuisance with out such bartenders to add to the confusion.

Once upon a time a near intellectual talked 15 minutes without using the word "moron."

A political leader is one who happened to be standing in the right spot when the parade decided to pass that way.

Posterity will be saddled with debts for wars they did not fight, but when they read some of the war books they will be satisfied with the debts.

And if the modern composer is a little uncertain as to the nature of his opus, he can call it a rhapsody.

The Yankees could hardly do any better if some team really was furnishing competition.

The problem seems to be for Dempsey to undertake Tunney before old age overtakes Dempsey.

Imaginary Conversations.

The rest of the kids: Oh, Mike; come out and play!

Mike: I can't; I have to attend a meeting of the regents.

### NEW C. & O. MERGER PROPOSAL DRAWN

Van Sweringen Interests to Renew Plea for Acquisition of Erie and Pere Marquette.

By the Associated Press.  
WASHINGTON, Aug. 8.—A plea for approval by the Interstate Commerce Commission of the Van Sweringen program for merging the Erie and Pere Marquette railroads with the Chesapeake & Ohio system is embodied in a brief drafted by Chesapeake & Ohio attorneys for presentation to the Commission.

The brief is expected to be followed by a statement from representatives of a group of minority Chesapeake & Ohio stockholders who oppose the merger. Preparation of the document constitutes one more approach to a final conclusion of the controversy over the first large attempt to consolidate Eastern trunk lines.

In the scheme now pending before the Commission, the Chesapeake & Ohio proposes to buy outright control of the Erie and Pere Marquette systems, a price agreed upon nearly a year ago. The brief stressed the argument that C. O. P. Van Sweringen of Cleveland and his immediate associates have sought no personal profits from the transaction.

Low Price For Securities.  
As owners of huge blocks of stock of the Erie they have offered to sell the securities to the Chesapeake & Ohio at a price of \$34 a share for common stock, "a great bargain," the brief said. Preparation of the document constitutes one more approach to a final conclusion of the controversy over the first large attempt to consolidate Eastern trunk lines.

The Chesapeake & Ohio, it was further declared, stood to make a profit of about \$15,000,000 by purchasing these stocks, considering recent market advances, and to make even more by the efficiency and economy which, as a larger railroad unit, could be obtained by the consolidation. The prices contemplated for the Erie stock, it was argued, were more than reasonable, the brief holding that the lowest possible valuation of Erie common, on the basis of earnings, was in excess of \$40 a share, and that on the basis of the book value of Erie assets, it reached much higher sums.

The brief also argued that the Chesapeake & Ohio, if not permitted to expand by taking in the Pere Marquette and Erie, "will be hemmed about by its competitors, its business narrowed, and its future limited."

\$50,000,000 Stock Issue.  
The commission was asked to allow the Chesapeake & Ohio to issue approximately \$50,000,000 in new stock, from the proceeds of which it will pay for Erie and Pere Marquette shares.

The brief asked if the minority stockholders were interested in the road's future "or are they brokers interested in market manipulation." Final arguments will be heard by the commission next fall.

### MISS WILLS TO PLAY NO. 1 ON WIGHTMAN TEAM

Helen Jacobs and Mrs. Mallory Will Be Other Singles Players in Matches With English Women Stars This Week.

Special to the Post-Dispatch  
NEW YORK, Aug. 8.—Helen Wills and Mrs. Mallory are America's single selections for the defense of the Wightman cup at Forest Hills, Friday and Saturday.

The two American doubles teams will be named tomorrow and probably will include Eleanor Goss and Mrs. G. W. Wightman.

With the two young singles stars from California and the veteran Mrs. Wills woman playing the best tennis of their respective careers, the determined little band of English players who have come in quest of the international trophy have small chance of carrying it away.

Miss Wills, No. 1 on the American team, is at the peak of her form for the matches in which she will meet Mrs. Kitty McKane Godfree and Miss Joan Fry.

Mrs. Mallory, beating Miss Jacobs in the final at Seabright, played a good tennis as in the days when Molla Bjurstedt was unbeatable on American courts.

Miss Jacobs, a new-comer to the heights of tennis fame, now ranking as No. 2 on the Wightman cup team, is expected to give an excellent account of her self against Esther Harvey and Betty Nuthall.

The fight for the Wightman cup is in the nature of a "rubber," each nation having won the trophy since 1923, when the United States, with Helen Wills in pig-tails and pantaloons, swept the courts and captured seven straight matches.

England won by six matches to one at Wimbledon the following year. Helen Wills and Molla Bjurstedt losing all the singles to Phyllis Corbett and Kitty McKane.

In 1925, England kept the cup. The matches at Forest Hills going four to three in favor of the visitors. Last year, without Miss Wills, Mrs. Mallory and Miss Jacobs, the American team, headed by Elizabeth Ryan and Mary K. Browne, brought away the cup.

The conditions of Wightman cup play are five singles matches and two at doubles.

The No. 1 and No. 2 players of each team meet the similarly ranking players of the opposing team in four singles matches. The No. 3 players of each team play one match, and the two doubles complete the seven matches.

The English team is admittedly strong, what with Kitty McKane Godfree, Betty Nuthall, who beat Mrs. Mallory at Wimbledon, Joan Fry, Esther Harvey, Gwendolyn Perry and Mrs. J. H. Hill, all having done well in recent tournaments, but the fair visitors from overseas cannot compare with the American defenders this season.

Only a most unusual upset of the most rarer in tennis, than in most sports, will provide wings for the big silver trophy.

# TWO VETERANS DROPPED FROM UNITED STATES POLO QUARTERBACKS

## GUEST, CAPTAIN OF YALE 4 AND COWDIN PICKED

These Two With Milburn and Hitchcock Will Oppose Britons in Series Starting Sept. 5.

By the Associated Press.  
NEW YORK, Aug. 8.—Two stars of America's "Big Four" polo team of 1924, a combination that was considered unbeatable at that time, have been dropped out of the United States lineup for the International Challenge Cup series with Great Britain, starting Sept. 5.

The United States Polo Association has selected Winston F. C. Guest, the young English-born captain of Yale's polo four, and J. Cheever Cowdin, a veteran, to supplant J. Watson Webb and Malcolm Stevenson, respectively, at the No. 1 and No. 2 positions. Thomas Hitchcock, the longest hitter in the game, has been retained at No. 3, and Devereux Milburn, a great figure since he jumped into prominence on the American team of 1924, will play at No. 4.

Brilliant hitting, hard riding and a dashing spirit lifted Guest to membership on the team over Webb less than three months after he had reached his majority, and gave him a record comparable to that of Hitchcock, who, now 27, played on the American team at Hurlingham in 1921.

An inspiring tenacity, unquenchable fire and accurate and long driving enabled Cowdin to beat out Stevenson. Cowdin comes from a polo family. His father, John E. Cowdin, played on the American team of 1902.

Guest starred in practice. Both Stevenson and Webb probably would be welcomed on any other polo team in the world. That is something of an indication of the power of the new American quartet.

The selection was announced by Louis E. Stoddard, chairman of the U. S. P. A., who refused to comment on it other than to say that he thought it represented a fine team.

Guest was not even considered for the team at the start of practice matches two weeks ago. He had to produce citizenship papers before he was named, but in view of his brilliant work in the test matches he could not be kept out of the lineup.

The American team probably will enter the international series with the British Army-in-India players with a handicap of 24. Milburn and Hitchcock are the only 10-goal players in the world, and although Guest and Cowdin now are rated at six goals, they probably will be moved up to eight or nine each.

south and north sides of the two feature courts. The wire netting on the backstops has been repaired and the several small buildings for court equipment have received a fresh coat of paint.

The committee in charge of the tournament has received splendid co-operation from Park Commissioner Fred Pape and his assistants in connection with the facilities needed. Owing to a delay in construction the new Field House has not been completed so that the visiting players will not be able to use the building.

The pairings follow:  
**Upper bracket**—Ernest Johnson, Kansas City, vs. Edward Brodin, Rockford, Ill.; Milton L. Hoffman, Philadelphia, vs. William Bell, St. Louis; Dennison L. Mitchell, Washington, D. C., vs. Reginald Bard, Kansas City; Eric Jacobsen, Baltimore, vs. Nelson Dreyfus, Buffalo; Charles Lejeck, Chicago, vs. Gus G. Amsterdam, Philadelphia; Maurice V. O'Neill, Washington, D. C., vs. Lawrence Harper, East St. Louis, Ill.

**Lower bracket**—John R. DeLoe, Los Angeles, vs. George Jennings, Chicago; Louis Schaefer, Buffalo, vs. Irving Moss, Detroit; Clifford Meyer, Philadelphia, vs. Thomas Miller, Kansas City; Clifford Miller, University City, Mo., vs. McSmith, East St. Louis; Edwin A. Jacobs, Baltimore, vs. Bert Hopkins, University City, Mo.

**SECOND ROUND.**  
Leo Kronman, Buffalo, vs. winner of Hopkins-Jacobs match; T. R. Drewes, St. Louis, vs. Ralph Rice, Chicago; Milton Blinfield, Detroit, vs. Robert B. Conditine, Washington, D. C.  
Drewes and Bell win.

Drewes and William Bell yesterday won the men's doubles championship of the Municipal Association and Turner Munnings in the final 7-5, 6-4, 7-5, 6-4. As a result of their victory Drewes and Bell qualified to enter the National doubles tournament.

## WRAV'S COLUMN

New Timber for the Wood-chopper.

PAULINO UZCUDUN, the Basque woodchopper, will tackle a different sort of pugilistic timber next Thursday night. This stocky crutty from the Pyrenees Mountains is more likely to play the part of chopping block than the chopper, when he faces the lithe and hard-punching Ovia Chapdelaine, whose last name has been phonetically modified into "Jack Delaney."

Uz cudun is as tough as a raw beef-hide. As a boxer he's as wild as stories of the late Batting Siki's night life. But he can take a lot of manhandling and, if the target will remain motionless, he can sock it for a few last sad rites.

But for a fighter of Delaney's merit—Delaney voluntarily surrendered the light-heavyweight crown a few days ago, because of weight-making difficulties—Uz cudun should prove easy. Uz cudun's stock in trade consists of some indifferent infighting ability and a telegraphic right hand which couldn't overtake a caterpillar tractor. The only reason it landed on Harry Wills in his recent fight was because Wills seemed fascinated or paralyzed, as a bird is charmed by a snake. Harry saw it coming but couldn't move out of the way. Delaney should hit Uz cudun early and often. And whom Delaney hits he hates.

The woodchopper will need his ax to win, next Thursday.

**Fine—for the Umps.**

THE choice of a man to take Ban Johnson's place is not reaching an acute stage. Rather it is a guessing period and the latest guess is none other than the man who was once bearded with a pop bottle by St. Louis fans—Umpire Billy Evans.

To many fans this will ring with a pleasant sound than the name of E. S. Barnard, Cleveland's candidate, who is unknown to the unofficial baseball world.

Evans, although still in his early forties, is a fine, well-balanced man who knows his baseball, or that part of it which relates to the playing field, right down to the last iota. He is popular, alike with players, with club owners, with fans and with newspaper men, from whose ranks he graduated years ago. Evans still continues his writing, and is the only official able to get away with it, without treading on someone's toes.

That alone tells that Evans is diplomatic as well as wise.

What Evans might lack in "inside stuff" (which consists more or less of wire pulling and poli-

tics of the game) can be supplied by any well-organized office force. And this he will inherit from Ban Johnson, whose office works like a Swiss watch. One department would surely be handled with authority and propriety in event Evans were named—the umpiring.

We can imagine the umpire grinning at the prospect. As for that, however, even Evans could be no more loyal to his umpire nor could he stand behind them more stoutly than Ban Johnson has done.

**Some Wallop.**

THE Yankees can hardly miss winning the flag this year. For once it appears that the dominant note of the team is HITTING. Ordinarily pitching is the responsible element in pennant winning.

Today, while several Yankee pitchers have splendid "won-and-lost" records, their success was made possible by the team's orgy of slugging. No such hitting is on record in any team, any time, anywhere in big company, this century.

Thus Hoyt is having "the best year of his career." Dutch Ruether was "never better," as his won and lost column indicates, and four men older than Ruether, the oldest 37, are having wonderful pitching seasons.

It isn't in the book that all six pitchers simultaneously could have experienced great years because of their own unaided efforts.

The Yanks are carrying them upward by virtue of heavy and frequent punishment of the old apple.

**Too Bad, Walter.**

WALTER JOHNSON has honors enough, it might seem. But one can hardly help speculating on the fact that, except for the twilight of his long hurling career, Johnson delivered his efforts for a club without pennant hope each season. Whenever the club climbed, it was Johnson who carried it up.

Had Johnson in his prime had the good fortune to work for a team like the Yankees of today, he would have set records that probably would have stood indefinitely.

With the lowly Washington team, Johnson had one year of 36 victories and six defeats. The Yankees of 1927 hitting back of him, he would have lost NO games at all—or if he did lose any, only through bad luck.

X. Y. Z.—Haines' pitching record, at the present time, is 17 victories and 7 defeats. The record as given Sunday, 17-6, was incorrect.

## TUNNEY AND DEMPSEY WILL SIGN AGAIN

Rickard Wants New Contracts From Title Fight Principals—10,000 Needed to Handle Fight.

By the Associated Press.  
CHICAGO, Aug. 8.—The task of preparing for a \$2,000,000 title sale occupied Tex Rickard as he lingered in Chicago to go over the pressing details of the Tunney-Dempsey fight.

The promoter's first statement on arriving yesterday from New York was that applications for tickets already amounted to \$1,000,000—more than the entire receipts of the recent Dempsey-Sharkey fight. "I am willing to bet right now," Rickard added, "that there won't be a ticket left ten days before the fight."

Tex said he had ordered 150,000 of the tickets and was ready to begin printing them with a plate especially designed to prevent counterfeiting. The tickets will show likenesses of the two fighters. He said that the scale definitely had been set for \$40, \$30, \$25, \$20, \$10 and \$5.

Will Need 2500 Ushers.  
Before he dashes back to New York tonight for the Delaney-Uz cudun fight Thursday, Rickard will have gone over most of the arrangements for the actual staging of the fight. He said he would need at least 2500 ushers, that many more policemen, and other helpers—a total of about 10,000 employees.

Rickard said he wasn't worried over any difficulties that might arise, and declared he was certain the fight would go on Sept. 22, as planned. If anything should keep either Tunney or Dempsey from appearing he will have a good substitute, or if both should be held back he will hold another bout, Rickard said.

The formalities of signing new contracts between Tunney and Dempsey and George Gatz, Rickard's millionaire Chicago ally, has been set for not later than Aug. 16. Tex said, and he is expecting both his fighters to be in training here by that date. He said he would recommend the Lincoln Fields race course as a site for Dempsey. Billy Gibson, Tunney's manager, is expected to shortly choose a site for Tunney.

## NEGRO STARS WIN OVER CUBAN TEAM

The St. Louis Stars in the Negro National baseball league evened the series at one game each when they defeated the Cuban Stars in the second game of the series yesterday at the Stars' park, 7 to 1. Davis, the visitors six hits and struck out six batters.

The Stars clinched the game in the first frame on a pair of singles and a double to score two runs.

Wells hit a home run.

## American Boat Leads in Race For York Trophy

Speedboat Little Spitfire In-  
creases Advantage Over  
English Craft.

COWES, Eng., Aug. 8.—The  
American speed boat Little Spit-  
fire, owned by J. H. Rand of New  
York and driven by Ralph Snoddy  
of Los Angeles, increased its lead  
today in the race for the Duke of  
York's trophy to the point where  
only a complete breakdown in to-  
morrow's final victory.

Little Spitfire covered the 10  
laps of the three-mile course on  
the river test this morning in 53  
minutes 5 seconds for a total of  
eight points as against 54 minutes  
49 seconds with a total of four  
points for the "new," owned by  
Miss M. B. Carstairs, Miss Betty,  
another British boat, finished  
third for a total of two points,  
while the Bella, also British, was  
again unplaced.

With .364.

NEW YORK, Aug. 8.—Paul  
Waner of the Pirates shaded Lou  
Gehrig of the Yankees by a lone  
percentage point to assume the  
bat's leadership of the "Big  
Eight" of the majors. Perform-  
ances including yesterday's games

The Pittsburgh star also led in  
safe hits with 125. Waner's aver-  
age now is .387. However, Gehrig  
and Babe Ruth were dead-end at  
119 for high total runs scored.  
Gehrig had the highest phe of  
extra base hits with 55 while Frank  
Frisch of the Cards continued to  
set the pace for stolen bases with  
his 32.

# Smoking and Throat Protection

As viewed by 9651\* Doctors

WHAT is the quality that so many of those  
whose voices are precious have found  
that makes LUCKY STRIKE cigarettes de-  
lightful and of no possible injury to those  
voices?

For the answer, a number of physicians, many  
of them leading physicians, in various parts of  
the United States were recently asked these  
two questions:

Q1—In your judgment is the heat treatment  
or toasting process applied to tobac-  
cos previously aged and cured, likely  
to free the cigarette from irritation to  
the throat?

9651 doctors answered this  
question "YES".

Q2—Do you think from your  
experience with  
LUCKY STRIKE cig-  
arettes that they are less  
irritating to sensitive or  
tender throats than  
other cigarettes, what-  
ever the reason?

11,105 doctors answered this question "YES".

Consider what these figures mean; consider  
that they represent the opinion and experi-  
ence of doctors, those whose business it is  
to know.

# FARE WINS MICHIGAN STATE SINGLES TITLE

By the Associated Press.

GRAND RAPIDS, Mich., Aug. 8.—Emmett Fere, the youthful Chicago racketeer, again has won the Michigan singles title. He defeated a fellow Chicagoan, George Jennings Jr., three straight sets in the final yesterday.

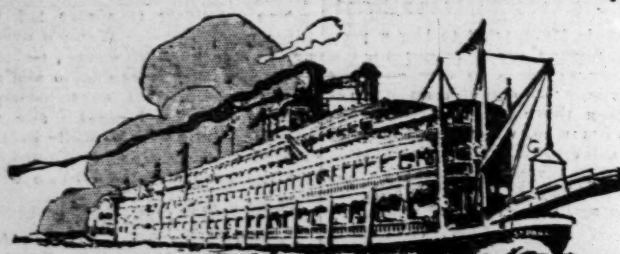

The Michigan doubles title also went to Chicago when Jennings and Ralph Rice defeated Arch Moore.

McCallum Jr., Cincinnati, O., and Gus Feuer, Miami, in straight sets.

## Chick Evans Winner.

CHICAGO, Aug. 8.—Charles "Chick" Evans, who once held more golf titles than even Bobby Jones, today has another laurel for his fairway prowess. He won the third annual amateur driving competition at Soldier Field yesterday with a total of 54 yards for two drives. His first attempt was 257 yards and on his second he added 10 more.

## Many Railroads Employ Live Stock and Agricultural Experts to Help the Farmer

For a railroad to be prosperous, the territory it traverses must be prosperous. The steam railroads of the United States are partners, not only of industry, but of the farmers as well—a great many of them employing trained experts in every line of agriculture and live stock endeavor, men who have had technical as well as practical experience in producing and marketing crops at a profit. These men are at the service of farmers who need their advice and counsel.

## MICHIGAN U'S NEW STADIUM WILL BE COMPLETE BY OCT. 1

ANN ARBOR, Mich., Aug. 8.—A new stadium for Western conference football is moving so swiftly toward completion at the University of Michigan that Coach Yost expects to have the use of it for practice several weeks before Oct. 1—the date on which the contract calls for it to be ready.

The Wolverine bowl, although the newest in Big Ten Stadium undertakings, will not be the largest. The stands at Ohio State and the University of Illinois will accommodate more. Nevertheless, the new stadium is another evidence that football is a paying enterprise at Michigan, inasmuch as the total cost of construction—close to \$1,000,000—will come from football profits. It was only a few years ago that the \$500,000 Yost Field house on the Michigan campus was constructed on the same financial basis.
